- 2 Client A intends to operate a delivery route to Minehead and Reading. Ann Brown has asked you to prepare a schedule for the route, using one driver.

Complete the table below for one delivery to Minehead and Reading. Your schedule must begin when the driver starts work in Norwich and end when the goods have been unloaded in Reading.

Notes:

You **MUST** show a start time, a finish time and a clear description of each activity, including break periods and rest periods.

You **MUST** show the destination for each driving period.

Tachograph modes are **NOT** required.

Start time	Finish time	Activity description

4 Client C contracts with its local authority to collect waste, as described in the case study.

Ann Brown has asked you to provide answers to the following questions:

(a) How many vehicles over 3,500kg GVW (at least) are required every week to complete the work described in the case study?

Note:

You MUST show all your workings.
