- 1 You have been asked to submit information to Miranda Jones about the four-week delivery proposal.

Use the information provided in the case study to calculate whether each of the four proposed deliveries (A, B, C and D) could be completed in a single day by one driver, while adhering to company policies and Miranda's requirements.

NOTES

You **MUST** show all your workings, including the driving time and duty time for each route.

You **MUST** state clearly whether each delivery is possible or not possible.

2 Miranda Jones proposes a new tramping route to Ireland and Northern Ireland.

Use the information provided in the case study to complete a driver schedule for the first part of the route, on a Monday, taking account of the detailed requirements that Miranda has given for the whole route.

Your schedule must start when the driver begins work in Walvingham and finish when the driver has completed a daily rest period on Tuesday.

NOTES

You **MUST** show a start time and finish time for each activity.

You **MUST** show the next place on the route for each driving period.

You **MUST** show a clear description of each activity, including break and rest period.

Tachograph modes are not required.
